This programme was developed in partnership with the children attending the After School Club.

In addition to all of the above activities, we will be offering out door play in our community garden every day so appropriate clothing is essential. The centre will be set out with a variety of other activities such as, Lego, K'nex, drawing, house corner, story time, etc. We also have a computer, Play Station and Nintendo which are available for limited times throughout the day. The programme is subject to change as if the weather is fair we will be organising trips to local parks. Please refer to our parent's notice board for last minute changes.
